CONCORD-CARLISLE HIGH SCHOOL

CONCORD

Advance—the word caught fire with the initiation of the satellite saga. We were freshmen then, and were too absorbed in adapting ourselves to the new routine of Concord High to worry about advancing.

Advance—they kept pounding the word into our half-receptive sophomore minds, and we slowly awakened to the fact that we were entering into the frantic competition of the Atomic Age.

Advance—as juniors, we really began to feel the pressure. The work was challenging, and as our outlook began to expand, we felt the need for more room and better facilities. We had outgrown our old abode on Stow Street.

Advance—we became the leaders of a new era, Concord-Carlisle High. At last there was an official merger with the Indians, and together we moved up to a hill overlooking Concord, revelling in the spaciousness and invigorating freshness of our new surroundings. This was progress . . . and this is the story of the beginning of our advance!

Dedication

The Class of 1961 is proud to dedicate this "Bridge" to Mr. Levy—for the boundless effort and enthusiasm which he has put into the math program of this school, for his success in coaching our first team of mathletes (and many teams of riflemen) to sweet victory, for his obvious interest in us as individuals, for his kindly patience, for his insistence on protecting us from cold drafts, and for the vast resources of his knowledge and understanding of math which he has so selflessly kept open to us.

SOPHOMORES

Who would question the line of reasoning that, since the Greek word "sophos" means "wise", sophomores must be more wise. (We will ignore the fact that, also in Greek, "moros" is translated as "sluggish or dull", knowing that the Greeks could not possibly have known the Class of '63!)

If a prophecy can be made on the basis of past performance, the enthusiasm and diversified interests of the sophomores should make their next two years of school highly successful.

Football

Football and football and football. Is there a 'something else' in football? Is the all of football seen on a Saturday afternoon? Is the truth of football found on the practice field?

What is it about football? What stimulates assemblies before the big game? Aren't the regular classes more important? What brings the crowds to the games? Aren't the movies open on Saturday? What produces the victory dance after the big win? Aren't there many important victories in other sports? What makes physical contact so desirable, and a crisp block so beautiful, and a smashing tackle so awesome, and a long run so thrilling? What is it about football?

Could there be an answer to it? Could it lie in the tradition of football? Could it be that football is a measure of a school? Could it be that football unites the school? Could it lie in the rules of football? Could it lie in the the color of football? Could it be that football is a test of an athlete? Could it be that football rewards the successful athlete? Could it be just an imaginary force? Could there be no answer to it?

Football and football and football. What it it about football? Is there 'something else' in football? Is there 'something else' in man?

Cheerleaders

Hey rah, rah, rah rah rah—you're a one, you're a two, one, two—you're a boom chic, boom chic—What are we gonna do—What are we gonna do?—Hey, don't forget to polish your sneakers and bring a white blouse!—Don't sit on that megaphone—Crunch jump?—No, split. Hands on your hips! Smile!—Gee, I forgot my maroon shoe-laces—have you got an extra pair?—Cheers, cheers for old Concord High,—(oh, no!) I will not wear this vest—it's enormous.

Band and Majorettes

To a group of your classmates,
Add: a handsome maroon-and white uniform
Supplement with: a harmonious jumble of musical instruments
Beat in: a lively, rhythmic street beat
Blend with: several high-stepping, vivacious gals
Stir with: a few glinting, chromy batons
Sift in: a generous amount of school spirit
Et voila! you have cooked up a session with the CCH Band and Majorettes!

Donny
You were such a doll that night of Sheila's party. You cleaned that house so good people would have thought no one lived there. Your a real swell kid and continue your stamp collecting, some day you may be a rich man.

FIELD HOCKEY

Field Hockey—a study in objects

A rousing cheer—to win, win, win, win, WIN!
A shrill whistle—to ignite the action of the game . . .
A little ball—to smash between the goal posts . . .
A big stick—to hit that little ball . . .
A red apple—to munch on.

Boys' Basketball

Basketball is not just anyone's game—it requires team and individual coordination, sharp thinking to balance flashing action, cleverness, strength, accuracy, an extra spirit of daring, instinctive familiarity with rules, and the will to play hard and win fairly. The steel rim offers a challenge, but the challenge goes beyond sinking the ball through the ring—only these boys know this challenge.

Girls' Basketball

Basketball is a series of sounds . . .

Tweep! Time in with the whistle . . .
TAP tap TAP tap . . . Only two dribbles . . .
STOMP scuffle scuffle . . . No travelling!
THUMP! Ball on backboard . . .
CLANG chatter chatter . . . the rim vibrates . . .
Shhwwiisshh! Clean clear through,
And the score goes up another notch!

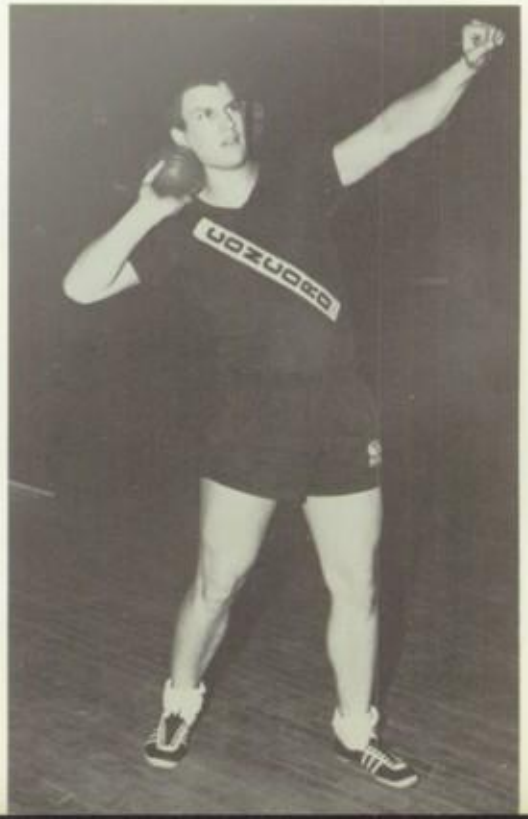
Indoor Track

The track season was a tribute to the power of moral support—to that display of spectator-interest which gives a second wind to the long mile, a touch of lightning to the sprint, a powerful OOMPH to the shot-put, a fluid grace to the hurdles, an extra spring to the jump. Team support matters, and the school took action.

The record is not one to be scorned. There is many a coach who would like to see his team wind up the season with a record of five wins, two losses.



(L. to R.): R. Woodruff, S. Winter, R. Foote, J. Rogers, Coach Levy, D. Soderman, K. Pulis, R. Crawford, R. Blaise, R. Rader.

Ski Team and Club

THE SKI CLUB WORKS TO THE ADVANTAGE OF THE WHOLE SCHOOL—

The Concord-Carlisle schussboomers took more than full advantage of Old Man Winter this year. Their private pagan rituals to the Snow Gods were quite effective, to the tune of two howling blizzards through which could be heard, but faintly, four double blasts from the fire station whistle. The entire student body was appreciative of the Club's efforts.

IT ALSO UPHOLDS THE INTERESTS OF THE COMMUNITY,

On three days a week, a staunch brigade of expert ski instructors withstood the bitter cold and danger of the school's plunging east headwall to teach the Concord young fry the glories and unglories of skiing. The venture was so successful that after a while it became difficult to distinguish some of the students from their instructors.

AS WELL AS SUPPORTING SKIING-IN-GENERAL.

For the second year, the club made an expedition to the white hills of Vermont for a frostbitten day at Big Bromley. The team raced in a giant slalom there, and found the competition so much fun that they arranged some private meets (hoping to improve with experience). For their second year of existence, the Club and Team have firmly established themselves (in six feet of light powder?).

Junior Prom

Although the night of December 3rd belonged to the juniors, we *all* had our thoughts about the Prom . . .

FRESHMEN: ▸ I wonder if we'll ever get that old. ▸
SOPHOMORES: ▸ Next time it's our turn. ▸
JUNIORS: ▸ Tonight finally came. ▸
SENIORS: ▸ Remember last year when - - -. ▸

We'll remember the Grand March, that l-o-n-g reception line, the excitement over the lucky six, and finally, Queen Linda and her Royal Attendants. It was a wonderland of Prom — that is, Alice's Wonderland.

Thespian Society

Dramatis Personae: Thespian, Potential Thespian

(Curtain rises in initiation headquarters, National Thespian Society, as Thespian enters followed by Potential Thespian.)

Thespian: Yes, you must answer two questions about the characters in great plays. First, who played opposite Romeo?

P. T. (with decision): Cleopatra. (Helps fainting Thespian to his feet.)

Thespian: Who is the main Character in Pygmalion?

P. T. (insulted by the ease of the question): The pig, naturally.

Thespian: You're in. (Laughing to himself) That fellow put on a pretty convincing act—no one could be that dumb. (Wondering) Could they?

The Dial

A STATEMENT OF PHILOSOPHY

The DIAL is a new literary magazine published by the students of Concord-Carlisle High School. This magazine contains the achievements of the students in the creative arts. The DIAL is primarily a literary magazine, but line drawings and photographs supplement the articles. In each issue the DIAL features an article by a guest contributor. Teachers may also submit works with the understanding that this is a student magazine and the work of students is its first concern. The DIAL is published bi-annually—once in the winter, and once in the spring.

Math Team

1, 2, $\sqrt{3}$ — and they're off! The slide rules are taking a rough beating, as Concord pulls ahead by fractions. Thinking rationally, the team works with geometric precision, solving quadratic, exponential, arithmetic, and trigonometric mysteries. The ratio of minutes to problems decreases, as the round (like a circle) ends. The Concord-Carlisle team, as always, reigns victorious. From here, where will they go? 1, 2, 3, Infinity!

(L.-R.), SITTING: D. Austin, J. Cole, H. Taylor, D. Seiver, C. Austin, J. Loomis. STANDING: B. Newsom, K. Morton, P. Webb, F. Sinclair, J. Payne, S. Winter.

Debate Club

Resolved: That the United Nations should be significantly strengthened.

The issue proved timely, and extremely debatable. The debate club rallied, and was commendably successful in its ventures into first class competition. Apparently, the relative inexperience of the Concord debaters was no disadvantage—perhaps it was even an advantage, for their approach was fresh and unencumbered by tradition and earlier standards.

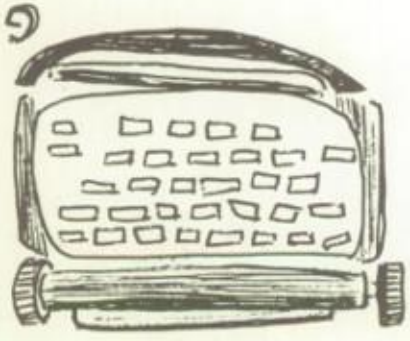
(L.-R.), FIRST ROW: M. Butman, C. Austin, S. Winter, K. Morton, J. Payne. SECOND ROW: P. Webb, B. Newsom, J. Cutting, D. Ferran, L. Cullinane, A. Adams.

EDITORS:
FRONT: K. Harris, Ed.-in-Chief K. Sullivan. REAR: D. Davis, B. Johnson, R. Webster, M. Emerson, K. Morton, D. Austin, Advisor, Mr. Horne.

The "Voice"

A voice is versatile—

It can sing: ▸ LET'S TAKE AN OLD FASHIONED WALK ▸ — NEW TEAM SONG
It can preach: GIVE YOURSELF FOR CHRISTMAS
It can praise: TRACK TEAM SALUTES THE BIG THREE
It can argue: DEBATERS OFF AND ARGUING
It can complain: FEET HURT?
It can laugh: PASSING AT ZERO
It can shout: CHEERLEADERS CALL FOR SCHOOL SPIRIT
It can question: IS THERE GOLD IN THEM THAR HILLS?



(L-R), SITTING: J. Cole, M. Emerson, Ed.-in-Chief F. Thomas, M. Aronie, D. Davis. STANDING: R. Caplice, S. Brown.

The Bridge

Project: to build a Bridge

Construction Materials: a blue print (A "Dummy" is fine)
girders (paper will suffice)
rivets (the wood-and-lead variety)
paint (photographs are fancier)

Time for Completion: approximately nine months

Cost: one million dollars (worth of blood, sweat, tears, and fun)

To span: a great river (the one that flows from Yesterday to Tomorrow)

Evaluation of Completed Project: the decision is yours.

Student Council

The Student Council reflects the broad interests of the student body. It supports every type of student—

Business-minded: Anyone want a magazine subscription?

Athletic: This sum is to be set aside for the Athletic Council.

Intellectual: Hmm, this one's short and has a pretty cover. How much will it be?

Hungry: Meet you at the Canteen after detention.

Journalistic: The Voice would be mute without S. C. support.

Bewildered: The Lost and Found Dep't is sympathetic and efficient.

Teen-aged: All problems, frustrations, and gripes should be handled through the Council. They'll understand.

Pres. M. McGrath, Vice-Pres. K. Harris, Sec. G. Brown, Treas. M. Aronie, Advisors Mr. Regan, Miss Dixon, M. Frantz, N. Watson, D. McMullen, D. Dixon, E. Emerson, C. Rader, C. Austin, M. Rainey.

National Honor Society

Pres. K. Harris, Sec. J. Cole, Treas. D. Davis, V. P. R. Caplice.

A common goal is a unifying force. Although National Honor Society membership should not be an actual goal, it should honor those qualities of scholarship, leadership, character, and service which are the goals. If a school should be unified by a common striving for ends such as those, it would be a truly great school. Concord-Carlisle has made a start.

(L.-R.), FIRST ROW: K. Sullivan, D. Davis, J. Cole, R. Caplice, K. Harris, B. Johnson, M. Emerson, W. Bollinger. SECOND ROW: T. Taylor, F. Thomas, W. Valentine, R. Webster, G. Brown, D. Cavalier. THIRD ROW: A. Adams, S. Brown, J. Helburn, J. Loomis, C. Crockett. FOURTH ROW: M. McGrath, W. Woodward, W. Newsom, K. Morton, J. Donovan, M. Mackensen. ABSENT: D. Austin, E. Emerson.

Select Chorus

Chords and discords, in close harmony, mingle and change—the result is song, from the voices of Concord-Carlisle's best. If long hours were spent in perfecting phrasing, tone, timing, and tune, the end result seemed perfectly natural—surprisingly effortless. There is something that rings true in good music.

(L.-R.), FIRST ROW: Mr. Yeremian, D. Cali, B. MacWilliams, M. Frantz, J. Weston, P. Storer, K. Kilham, L. Williams, R. Anderson. SECOND ROW: N. Bond, J. Jellis, R. Ireland, B. Woodman, C. House, R. Childs. THIRD ROW: S. Cann, P. Hill, R. MacWilliams, R. Morazzi, C. Spinney, S. Lawrence, N. Weeks.

A Message to Seniors from

POWERS REALTY CO.

DON'T QUIT

When things go wrong as they sometimes will,
When the road you're trudging seems all up hill,
When the funds are low and the debts are high,
And you want to smile, but you have to sigh,
When care is pressing you down a bit—
Rest if you must, but don't you quit.
Life is queer with its twists and turns,
As everyone of us sometimes learns,
And many a fellow turns about,
When he might have won if he'd stuck it out.
Don't give up, though the pace seems slow—
You may succeed with another blow.

Often the goal is nearer than
It seems to a faint and faltering man;
Often the struggler has given up
When he might have captured the victor's cup;
And he learned too late when the night came down
How close he was to the golden crown.
Success is failure turned inside out—
The silver tints of the clouds of doubt,
And you can never tell how close you are,
It may be near when it seems afar;
So stick to the fight when you're hardest hit—
It's when things seem worst that you mustn't quit.
